BOY PLAYED WITH MATCHES A MESA CONFLAGRATION

One House Destroyed, Another Barely
Saved.

As a result of a five year old child
playing with matches, two frame rent
houses belonging to O. S.
Stapley located on West First street
and the earthly possessions of the
family of A. Knight, were destroyed
by fire, yesterday just before noon.
The chemical engine did the best
work ever seen since it has been in
the city and it is responsible for sav-
ing the house occupied by Mark
Newell and I. Stoddard, both of them
being Stapley rental houses and on
either side of the burned buildings.
The houses which were destroyed
were insured for \$400 each in a com-
pany for which Pomeroy & Guthrie
are agents. It is believed that the
loss to Mr. Stapley will be light.
However, the peculiar fact is that
there has not been a fire in Mesa in
recent years in which Mr. Stapley
was not interested. His store build-
ings and stock have been entirely con-
sumed once while the late fire in the
business district struck him pretty
heavily, although it was a company,
instead of a personal loss.

The Stapley row of houses are on
the north side of the street and are
built on fifty foot lots adjoining
from west to east they were oc-
cupied by the families of Mark New-
ell, A. Knight, Ben Ferguson and I.
Stoddard. Mrs. Knight, who had just
completed a washing was sitting on a
cot to the south and east of her
house and Mrs. Ferguson, her next
door neighbor had called for a few
moments conversation. The Knight
children were playing about the pre-
mises and presently the little boy aged
five years was missed. The mother
called to him, but he made no an-
swer. She started into the house and
immediately ran out crying fire.
Mrs. Ferguson grabbed up a bucket
of water and attempted to get at the
fire, but the flames drove her back.
The houses were as dry as tinder and
the heat given off by them was very
intense. The men were compelled to
wear wet blankets and quilts about
them while they were working fire.
The Mark Newell house caught
fire, but was saved by the efforts of
the mechanical engine and a hard-
working bucket brigade. The house
occupied by I. Stoddard was saved
with difficulty and had it not been
for the heroic efforts of the volunteer
firemen it would have been a loss.
The household furniture of all the
residents was saved with the excep-
tion of that in the house where the
fire originated. The hose cut made
the run but there is only 100 feet of
hose in the city, and the main could
not be reached in case it had been
full of water. The pumps for the
waterworks have not arrived and un-
less they do it is an uphill proposition
keeping water in the mains.

RECEPTION FOR PROFESSOR LOPER.

Professor John D. Loper, for the
past several years at the head of the
Mesa schools, was last night tendered
a public reception on tabernacle lawn
which was largely attended. The
tabernacle choir sang several selec-
tions and a good part of the time was
spent in speaking of the things that
Professor Loper has accomplished with
the schools in Mesa. No man
can ask for a stronger endorsement
of his services than that which has
been the privilege of Professor Loper
to enjoy. For a good many years he
has struggled against obstacles and
won. Last night must have been one
of the grandest of his life when he
could look over his residence in Mesa
and see that everything he has done,
everything he has accomplished is ap-
preciated to the fullest extent.

ECONOMY SALE AT THE POP- ULAR

The Popular's big sale which will
be known as "The Popular's Great
Economy Sale," will open this morn-
ing and continue for several days. It
is a well known fact that this well
advertised place has been preparing
to make a great reduction in prices in
the near future. New goods have
been arriving almost constantly since
the close of this store's former sale
on July 3. Since that time the clerks
have been busy with the new goods,
marking them down to very lowest
prices.

THE TOGGERY'S HIGH JINKS.

The Toggery has originated a uni-
que sale known as the High Jinks
sale. George Johnson, the popular
manager of this well known store left
for the Elks' convention last Saturday
and before going he told the clerks to
reduce the stock by all means. Be-
fore his going W. Aird Macdonald,
the well known local cartoonist suc-
ceeded in getting his profile on a slip
of paper which is used in the adver-
tising. Mr. Johnson is enjoying his
vacation and the clerks are taking
advantage of his absence and are
selling out everything at their own
prices.

GOVERNMENT MAY AID IN TERRITORIAL ROAD

It Will at Least Undertake the Con-
struction of a "Sample" Road.

Territorial Engineer Grand has re-
ceived from Delegate Cameron a let-
ter saying that the department of the
interior on request from the engineer
will undertake the construction of a
sample road in this territory under
the direction of one of its experts,
who will be sent on application, a
blank form of which Mr. Cameron
writes he had mailed. It is now
probably in the hands of Hon. T. G.
Norris of Prescott.

Mr. Cameron also wrote that he had
forwarded an application blank for
federal aid in the construction of a
territorial road from the Grand Can-
yon to Douglas. The engineer is re-
quested to fill out the blank and

forward it to the department.
A few days ago, probably after the
sending of this letter, Mr. Cameron
introduced a bill in the house pro-
viding an appropriation for such aid
in building a territorial road.

Mr. Grand will take the matter up
immediately on the receipt of the
blanks. That the sample road or
roads will be built may be regarded
as a certainty, and it may be re-
garded as probable that federal aid
will be given toward the construction
of a road from the Grand Canyon to
the southernmost limit. Mr. Cam-
eron will give the department no rest
until such aid is forthcoming.

Now is the time to secure an acre
in "Idylwild" and prepare to keep cool
next summer.

THE BIG SHOW TOMORROW NIGHT

The Raymond Teal company in
"Variety Sale" is bound to play to a
full house tomorrow night. The at-
traction was given here last season
and pleased everybody. The attrac-
tion is already well advertised.
